Calibre UK appoints Nex Pro Video as their manufacturer's rep in the Canadian Market

Bradford, Yorkshire, UK, August 15, 2018 – Calibre UK Ltd a subsidiary of the Coretronic Corporation of Taiwan is pleased to announce the appointment of Nex Pro Video to represent their products in the Canadian market.

Mr. Willy Tsai, Executive Vice President of Calibre commented “We were looking for an experienced partner to help us expand into the Canadian market as we grow the Calibre line. Nex Pro Video is the perfect partner for our high-end scaler-switchers and broadcast frame rate conversion products.”

“Calibre produces the best Scaler technology in the market and is a natural addition to other products we represent for clients who use projection and LED display technology” said Andrew Alexander Director of Nex Pro Video. “I particularly like Calibre’s ‘HQUltra Scaling’ technology. This proprietary Calibre system offers halo and ghosting free scaling that is the best in the industry. We look forward to promoting Calibre”.

- ENDS -

Calibre's NEW HQPro1000 4K Seamless Switcher-Scaler will be available through Nex Pro later this year

About Calibre

Calibre was established in 1988, Bradford, and respected World-wide for providing image scaling technology for use with large LED videowalls primarily used for Concerts, Award Ceremonies, Rental/Staging and Advertising and for image scalers for professional projection applications. Calibre is a highly effective OEM partner to many well-known companies in specialist markets, providing customized image scaling and processing solutions. Calibre became part of the Coretronic Corporation in August 2017.
